Parwiz Habib, Afghanistan
The University of York (SU 2014)

This program helps you to get the real picture of Russia and meet amazing people from not only Russia but also around the world. I was so impressed by the school and its professors that I now want to pursue my PhD studies in HSE.

Lijia Lin, China
**University of Michigan Economics
and Mathematics (SU 2015)**

I want to become a specialist in Russian relations. There are not many such specialists in China or the US at the moment, and to be successful I need to gain knowledge and experience in Russia.

Alexis Shaw,
University of North Carolina (SU 2016)

During my time in Moscow, I'd like to get to know people so that I can get a good understanding of what Russia is really like and possibly dispel certain stereotypes.

Moreno Stambazzi,
Universtiy of Florence / University of Turin (Italy)
(SU 2017)

I decided to take part in this programme as I received some very good advice from a friend of mine who studied here. I liked the lectures a lot, that is why I decided to apply for the visiting scholar programme here for the next semester, and my request was accepted.
